

The goal is to install 1,7MW of PV and 3MWh of battery, supplying more than 5.000 homes and businesses with electricity. The total project costs of c. EUR 9m is partially financed by subsidies from the MCA-Benin II Offgrid Clean Energy Facility. Investment disclosure. Learn more on:

SOLAR SOLUTIONS est une entreprise qui est orientée sur la neutralité carbone. Sa vision est de faciliter la transition énergétique des populations de la sous-région ouest africaine. Il a pour missions d'offrir des services liés à l'énergie solaire aux populations de la sous-région ouest africaine, et de contribuer à l'atteinte de la neutralité carbone dans la sous-région ouest ...

The project partners were awarded contracts through a competitive tender process hosted by the MCA-Benin II Offgrid Clean Energy Facility (OCEF). MCA-Benin II is an implementation office set up to administer funding for Benin electric power programmes designed to lift people out of poverty.

As the demand for clean and reliable energy sources rises, the solar battery market in Benin experiences increasing interest, resulting in a diverse range of suppliers offering various solutions to cater to different energy storage needs.

A new company aiming to deploy off-grid renewable energy solutions in Benin Republic, Les Soleils du Bénin, will carry out EUR8.5 million (US\$8.8 million) of electrification projects within a year.
