Will statevolt's Gigafactory become a major EV producer in the Middle East?

The UAE and Middle East currently has relatively low levels of vehicle production,and very low levels of EV production,apart from the Lucid plant in Saudi Arabia,plus Ceer and SNAM. Therefore for now it's unclearhow significant Statevolt's gigafactory will become for EV production in the region."

What is statevolt Emirates?

The Statevolt setup,which rests on modularity,seeks to enable " swift market entry and production diversification based on technology readiness." Statevolt Emirates will initially be focused on the production of semi-solid state battery cellsand eventually transition to full solid-state at full capacity. The idea itself may just be a solid one.
