Who is spark?

We are Spark, and we're here to power tomorrow. We connect millions of people in emerging markets to solar power. We promise the highest level of customer satisfaction, and we deliver on that promise.

Why should you join Spark solar?

Spark Solar offers ample of opportunities that will develop and challenge you every day. Come, join in the clean energy revolution and be a part of a new era where solar energy will be an integral part of world's energy blend.

What makes spark a great energy company?

We know that when it comes to energy, customers want to start small and scale up as and when they can afford. At Spark we incorporate true modularity. This means we don't just offer customers a single expansion offer. We enable them to take on as much as they can afford, when they need it and in 2022 we put this into practice.

What is a spark solar kit?

Provide access to clean, safe and sustainable energy with the Spark Solar Kit. Every Solar Kit is part of a complete ecosystem consisting of the products, our PayGo integrated Spark portal and on-site support. Thanks to its modular nature, the ecosystem grows along with the development of the village and needs of our partners.

What will spark batteries do in 2021?

Spark Batteries will now be part of a flexible energy grid that powers homes, businesses and small factories. Solar power will no longer be the only renewable generation option. Wind, biogas and other solutions will be available too. 2021
