

Sunbox solar Namibia

What is a Sun box?

Why Sun Box? Why Sun Box? Our Sun Box kits, which includes the Solar panels, provides everything needed to power up basic household appliances, making this an easy, cost-effective, grab and go Solar power solution. We are a proudly South African company striving to power up African households through the Sun's energy.

Is Sunbox the right choice for You?

Sunbox Energy is designed to meet your power needs today, with the flexibility to adapt as your needs change. If you're looking for a reliable solar energy system made to fit your existing and future needs, Sunbox is the right and only solar choice.

What is the difference between Sunbox & Storebox?

Sunbox is modular, upgradeable, and customizable, and allows for a gradual growth path to less dependence on conventional power supply by using solar panels and rechargeable batteries to power your appliances. Storebox, on the other hand, is similar to Sunbox but excludes the solar option for recharging the power pack.

What is a solar box kit?

Our Sun Box kits, which includes the Solar panels, provides everything needed to power up basic household appliances, making this an easy, cost-effective, grab and go Solar power solution. We are a proudly South African company striving to power up African households through the Sun's energy. This is a perfect off-grid load-shedding solution.
