Download Water Board Nicosia and enjoy it on your iPhone, iPad and iPod touch. ?WB Nicosia Mobile App offers to consumers, access to information regarding the water consumption of their premises. Issued invoices and online payments, as well as notifications for over-consumptions, disconnections and other related services.

The project is divided into five stages, the cost of which is estimated at 350 million euros. Once completed, the new alignment will connect the main radial roads: Nicosia-Limassol (A1), Nicosia-Kokkinotrimithia (A9) and the planned Nicosia-Palechori highway. The project will help get rid of traffic jams at the entrance to the capital.

The objective of the measure is to increase the water adequacy for the needs of the Nicosia and Larnaca Water Boards. The measure foresees the construction of: three new generation Glass Lined Steel (GLS) water reservoirs of 26 000 m3 in total in Nicosia Region.
