

Who is solar energy Papua New Guinea?

We are Papua New Guinea's leading solar energy company, providing high quality solar services for your home or business through renewable energy. **WHY USE SOLAR?** Despite huge popularity in the rest of the world solar power has yet to take off in PNG.

Does PNG have a solar farm?

At the utility scale, PNG has a few solar farms under development, with largely unchanged progress as most of the obstacles here are regulatory more than economic. PNG Power Ltd and the Department of Energy are supportive of these projects, but there are a lot of moving parts and all parties have worked hard to keep them on track.

Will solar power be the next stage in PNG?

Electricity in PNG is still very expensive and the cost of solar power continues to fall each year. Now we're seeing similar price drops for batteries, and I think that will be the next stage for solar projects, as many of them will begin to include energy storage.

Is it safe to use solar in PNG?

This is for a variety of reasons but with recent developments in the PNG energy market it's now safe and legally compliant to use solar for certain applications. Our policy experts have worked closely with our engineers to develop a range of safe, economic and regulatory compliant solutions for using solar on your business or home.

Why should you use solar power in PNG?

WHY USE SOLAR? Despite huge popularity in the rest of the world solar power has yet to take off in PNG. This is for a variety of reasons but with recent developments in the PNG energy market it's now safe and legally compliant to use solar for certain applications.

Is solar a good investment in PNG?

Even without incentives or feed-in tariffs, in PNG the economic advantage of solar is still overwhelming with ROI approaching 37 per cent for some projects. The first medium and large-scale solar projects will be commissioned over the next six months, which will trigger exponential growth in 2021 and likely many more players to enter the market.

What progress has solar energy made in Papua New Guinea and what is its potential, particularly for business? Christian Lohberger, President and founder of the Solar Energy Association of PNG and co-founder of Astra Solar Ltd, shares his views with Business Advantage PNG.
