

Westmoreland Energy, Inc. Westmoreland Energy, Inc., based in Charlottesville, Virginia, was a subsidiary of Westmoreland Coal Company. WEI was formed in 1986 to compete in the independent power and cogeneration market. The company sought to achieve long-term growth through the development of energy projects in domestic and international markets.

Shanxi Zhangze Elec Power stated on the interactive platform that the current coal price under long-term contracts is lower than the market coal price, and the market coal price is set to fall. However, the company will also adjust the proportion of coal purchases under long-term contracts. More popular news:
