Westmoreland Energy Inc. which is a subsidiary firm of Westmoreland coal of US, would like to invest in power plant project in China. The analysis of demand and feasibility is done in the ppt

Solar Integration: Solar Energy and Storage Basics. Different energy and power capacities of storage can be used to manage different tasks. Short-term storage that lasts just a few minutes will ensure a solar plant operates smoothly during output fluctuations due to passing clouds, while longer-term storage can help provide supply over days or weeks when solar energy production ...
